

Rescue Run Race Records (through the 2002 race)

The following course records date back to 1995, when the course was moved to Palmer Park, its current location. Awards are given out in 10-year age increments, but the following records are shown in 1-year age increments, solely so that more people will have bragging rights. (We all need to have bragging rights at least once in our life.)

A different course was used for the 2000 race, thus the 2000 race times are not a part of these records. The course in 2000 was a one-time only arrangement because of potential Y2K issues that the police were covering, thus the police were not able to cover the regular course on the Rescue Run.

Rescue Run Records (1-year age groups) Male - 5K		
Age	Time	Name (Year of record)
Overall	16:05	Trent Briney, 22 (2001)
7	29:59	Cody Arnold (1998)
